**ITEM NO. 155 – ADDITIONAL STOPS**

1. Additional stops are when:
  - The carrier loads portions of the shipment at more than one site;
  - The carrier unloads portions of the shipment at more than one site; or
  - The carrier both loads and unloads a portion of the shipment at more than one site.
2. A customer may request that the carrier provide additional stops. The carrier will charge for providing this service. The charge for providing additional stops applies in addition to all other applicable charges.
3. The following rates apply when additional stop service is provided:

Rate per Stop	
Minimum	Maximum
▲\$27.72	▲\$46.20

(TV-991559)

4. Transportation charges on shipments for which the carrier provides additional stops will be computed on the basis of the total weight of the entire shipment for the total distance from the origin to the destination, via the additional stops.

Example: A shipment originating in Olympia weighs 3,000 pounds, with a stop in Tacoma, to load 1,000 pounds, is transported to Bellingham.

Properly rated, the transportation charges on the bill would be rated as if 4,000 pounds were shipped from Olympia to Bellingham, plus a charge for the additional stop in Tacoma.
